

Dear FCC,

10-22-04

In reference to "MB Docket No. 04-233"

I ask that you please do not send

proposed rules changes to LPTM a

privately over FM translation service, including

me without a K-Team signal of 88.3 FM in

Stard Island, NE. I love listening to K-Team

music and it does enhance my spiritual life.

There are numerous Christians that enjoy

listening to this music and would love them

(including me) without K-Team. K-Team has

been influential in bringing listeners to a new

Christian lifestyle which changes no forever.

So, I beg you to please not leave me without

it. I love listening to Stard Island.

Dear FCC,

I want you to be aware of how much my family and I enjoy listening to K-LOVE. It is a fantastic radio station and I'm shocked that anyone would even consider displacing it with some secular "garbage" radio station. America needs some quality radio station that support good moral living. K-LOVE has many programs that are in the public interest. Please do not let LPFM broadcasters displace K-LOVE. Thank you in advance for helping K-LOVE to serve the community where I live and work.

Re: MB Docket No. 04-233

DOCKET FILE COPY ORIGINAL

Dear Sirs:

It has come to my attention that there is pending action to be taken on the expanding of the LPFM stations in that they will be allowed to take priority over current FM translator service. I wish to express my opposition to such a move on the part of the FCC. The K-LOVE radio network uses the FM translator service in many areas of the United States and they provide a very much needed service to the communities and areas served by the FM translator service.

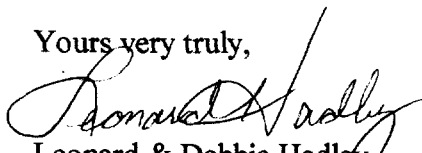

K-LOVE radio provides a much needed service to the City of Big Spring by providing family friendly programing with a definite spiritual content. If you know anything about the City of Big Spring you would know that such a service is in great need! By allowing LPFM stations to take priority over current FM translator service, would cause these area to lose a very vital source of spiritual broadcasting. Many people each week are reached by K-LOVE and give their lives to Jesus Christ as their Lord and Savior.

Personally I feel that the K-LOVE station here in Big Spring provides a much needed service for the citizens of the City of Big Spring. Big Spring is in desperate need of the message provided by K-LOVE radio. The lives of the citizens of Big Spring are enriched each day and their hope and faith in Jesus Christ is renewed and strengthened by the programming provided by K-LOVE. To lose this station in Big Spring would be an untold shame.

Don't allow this to happen! There are many citizens in Big Spring who are on the brink of losing their eternal life. K-LOVE radio can and does reach many thousands of these hurting ones each and every day.

Please do not allow these LPFM stations to take priority over the FM translator stations. The eternal lives of many thousands of United States citizens are at stake here.

Yours very truly,

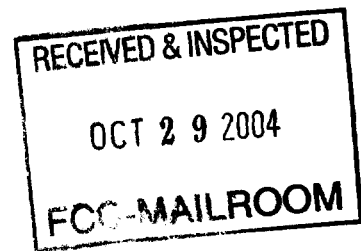

Leonard & Debbie Hadley

October 22, 2004

DOCKET FILE COPY ORIGINAL

Ms. Marlene H. Dortch
Secretary
Federal Communications Commission
445 12th Street, SW
Washington, DC 20554

Dear Ms. Dortch:

On behalf of Norman Broadcasting Co., Inc., owner and licensee of Radio Station WGNU (AM) Granite City, Illinois, I submit the following comments regarding Docket MB No. 04-233, in the matter of Broadcast Localism.

I recall the phrase we broadcast recently as part of our own license renewal: *"WGNU is granted a license by the Federal Communications Commission to serve the public interest as a public trustee."* WGNU has never abandoned our commitment to serving the St. Louis metropolitan area, and to our licensed community of Granite City, Illinois, since our first broadcast December 1, 1961.

Following is a summary of how Radio Free St. Louis® commits itself to true broadcast localism.

Localism in News

WGNU airs five-minute hourly local newscasts Monday through Friday from 6 A. M. to 6 P. M.—approximately five per cent of our weekday schedule. This amount increases doubles beginning November 1st, when we add a one-hour news block at 5 A.M.

Localism in Commentaries

WGNU airs 90-second editorial commentaries twice a day, Monday through Friday. These commentaries discuss such topics as include concealed-carry gun legislation, lead poisoning, school closings that affect minority neighborhoods, police brutality, and voter apathy. We offer reply time from those holding opposing viewpoints. Transcripts of these commentaries and replies—are available on the WGNU website.

No. of Copies rec'd 0
List ABCDE

Localism in Talk Programming

WGNU'S weekday caller-driven talk radio lends itself to localization more effectively than other formats. Our talk programming from 6 A. M. to 12 midnight is locally produced. We are also developing locally-produced overnight talk shows.

In September 2003, Lizz Brown's weekday "Morning Wake-Up Call" focused on an examination of financial and leadership problems in the St. Louis public schools. A two-hour remote broadcast September 9th followed Lizz as she walked with a group of elementary students and their parents from their closed neighborhood school to the school where they were reassigned. This one-mile walk included crossing a busy four-lane street with traffic signals, but without crosswalks, crossing signals or guards.

Lizz also broadcast from a school board meeting that, while ostensibly open to the public, was scheduled for 7:30 on a weekday morning at the school board offices in downtown St. Louis. The location was not readily accessible to the public, and the available seats had been filled by school board employees in an effort to discourage public participation.

Lizz' regular Tuesday feature "Looking Black" features a round-table discussion with black St. Louis journalists on issues not usually discussed in the mainstream media. Lizz also airs monthly discussions with officials of St. Louis ConnectCare, which operates several low-income health clinics. These programs cover topics such as AIDS, immunization, and baby and child care.

Leonardo Drisdell, host of "The Human Factor," regularly devotes his Wednesday program to question-and-answer sessions with area mayors and other civic leaders. Other discussions feature representatives of the St. Louis City Health Department on topics such as lead poisoning, vector control and immunization.

Steve Franklin, a "Party Line" host who is also a licensed psychiatrist, has tied in National Mental Health Month each October with interviews and question-and-answer sessions with members of the St. Louis Mental Health Association as part of his Monday program.

Localism in Talk Hosts: Local Experts Discuss Local Issues

Through the years, we have learned that professional broadcasters do not always make the best talk show hosts. Most of our more than 30 hosts broadcast as an avocation, not as a vocation. They include the aforementioned psychiatrist, college professors, attorneys, writers, small business operators, and computer experts.

Many of our interviews are inspired by suggestions from the listening audience; we routinely listen for knowledgeable, articulate men and women from all walks of life. Potential hosts are trained and given on-air auditions under the supervision of the program director.

Localism in Program Content

WGNU maintains a close watch on language and program content. The program director and general manager give final approval to all program proposals. The program director also approves or disapproves talk show guests based on timeliness, content, and their impact on the local audience.

Localism in Emergency Broadcasts

WGNU participates in the AMBER Alert Program and is an EAS Monitoring Station. Alerts affecting the metropolitan area are broadcast and repeated on a timely basis. Our local newscasts include traffic reports in morning and afternoon drive, with additional updates as needed.

WGNU routinely reports emergency situations to the appropriate authorities. One recent event involved a truck accident in which the roof of the trailer was sheared off under a pedestrian walkway, causing a major backup. WGNU was the first station to report the crash to traffic monitors; information was relayed to the local police.

Localism in Political Programming

By its caller-driven nature, most WGNU talk programming is political, with routine discussion of local and regional issues with mayors, representatives and other civic leaders, as well as comprehensive election coverage. The WGNU website provides links to a number of politically-active websites as well.

Localism on the Weekend

Local religious and foreign-language programming totals 12½ hours on Saturday and 14 hours on Sunday—more than half of our weekend schedule. This includes live worship services from nearly a dozen churches, plus 90-minute programs in German and in Bosnian. The Bosnian program features a 15-minute live newscast phoned in from Sarajevo.

“T3: Totally Talk for Teens,” is a half-hour Sunday broadcast produced by the youth group at St. Charles Lwanga Center, a black Catholic faith ministry in north St. Louis. “T3” features discussions on such topics as sexual responsibility, drug abuse, and community involvement.

Localism in Community Outreach

WGNU donates time and talent to the Madison-Venice American Legion for many years to produce the Legion’s “Voices of Freedom” competition for middle- and high-school students. “GNUs-2-U,” airing three to four times daily, is a free 30-second report of activities involving church, civic and non-profit organizations.

“Party Line” frequently features short interviews (10-15 minutes each) on local charitable and civic activities. Recent interviews promoted the “April Showers” program sponsored by the Greater St. Louis Girl Scout Council, which collects personal care items not collected in charity food drives; a “Supermarket of Veterans Benefits” sponsored by a minority business; and showcased a downtown St. Louis shelter for the homeless mentally ill.

WGNU has sponsored the Chuck Norman Christmas Party since 1976. This annual event has raised hundreds of thousands of dollars for such organizations as AARP, The Hubert Wheeler State School for the Handicapped, and the National Association for the Mentally Ill.

These are only a few of the many things WGNU does to provide the kind of community service that is all too often missing from broadcast radio today.

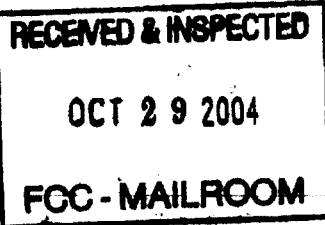

When I joined the WGNU staff in 1974, broadcast licenses were renewed every three years, and stations were required to ascertain not only community issues, but also to project how much time would be given for such programming—and to provide proof in the form of a “composite week” of actual program logs.

In the 1980’s, broadcast deregulation was a vote of confidence in the ability of professional broadcasters to do their job and to be accountable for their performance without micro-management. Today’s most successful broadcasters learn the problems and needs of the communities they wish to serve even before they fill out their first application—and they never stop learning.

Respectfully,

A handwritten signature in cursive script, reading "Charles E. Geer". The signature is fluid and elegant, with a long, sweeping underline that extends to the right.

Charles E. Geer
News/Program Director
Radio Station WGNU (AM)

RE: "MB DOCKET NO. 04-233"

DEAR ASSOCIATE,

OUR KLOVE RADIO STATION IN THE OKLAHOMA CITY AREA HAS CARRIED ME THROUGH THE DARKEST 2 YEARS OF MY ENTIRE LIFE! WHEN I LOST 2 OF THE CLOSEST PEOPLE IN MY LIFE WITHIN WEEKS OF EACH OTHER, KLOVE PASTORS WERE AVAILABLE TO COUNSEL ME IN A VERY PROFESSIONAL/GODLY FASHION THAT ENCOURAGED ME TO GO ON WITH HOPE. THE STATION FORMAT FOLLOWED UP BY PLAYING INSPIRING MUSIC AND OFFERING KIND WORDS OF ENCOURAGEMENT. BESIDES WHAT IT HAS DONE FOR ME KLOVE HAS ALSO INFLUENCED MY CO WORKERS IN A VERY POSITIVE WAY!

I ALSO BELIEVE THAT, OUTSIDE OF OUR CHURCHES, KLOVE HAS BEEN AND CONTINUES TO BE AN IMPORTANT LINK AMONG CHRISTIANS. KLOVE KEEPS US ON ONE ACCORD SPIRITUALLY WHICH ENABLES US TO DIFFUSE SO MANY DISASTEROUS ATTITUDES AND UNHEALTHY PUBLIC CIRCUMSTANCES BY PASSING ON THE WORDS OF ENCOURAGEMENT THEY'VE SHARED WITH US. (THROUGH GODS WORDS)

PLEASE HELP US KEEP KLOVE STRONG BECAUSE IT TRULY IS INSPIRED BY THE WORDS OF GOD WHICH IS ALL ABOUT PEACE, LOVE AND HOPE. SOMETHING WE ALL DESPERATELY NEED.

IF YOU SUPPORT OUR INTEREST, I PROMISS YOU THAT GOD WILL BLESS YOU FOR IT!

WITH LOVE SINCERELY,

To Whom it may concern,

I am writing to you regarding MB Docket NO. 04-233.

It is my concern that the station I listen to, K-LOVE, may be forced off the air by an LPFM.

My family listens to K-LOVE every day as do many of our friends. It is difficult to find a radio station with wholesome family listening and up-to-date news. K-LOVE has these qualities and is a service to our community by its encouraging message and positive music.

There are many hearts out there in need of an uplifting word and they may not be reached if we should lose K-LOVE's signal. Please help to keep K-LOVE on the air.

Thank you for your time and consideration.

Sincerely,

Lisa R. Walters

To: Federal Communications Commission,
"MB Docket No. 04-233"

DOCKET FILE COPY ORIGINAL

I would like to comment on the Low Power FM issue. I financially support and regularly listen to KLOVE radio station on 100.1 FM. KLOVE is important to me and to other residents of my local community. There are very few stations that have the morals and great music of KLOVE. There would be a negative impact if KLOVE were to be replaced by an LPFM broadcaster, providing other programming. KLOVE is a positive, safe radio station; continuing its availability is in the public interest.

Thank you for your consideration,

Stephanie A. Mitchell

Re: MB Docket No. 04-233

To Whom It May Concern,

We have just learned that the broadcast service known as LPFM is being considered for expansion of service which would allow new LPFM stations to take priority over current FM translator service.

We are very concerned that this could affect many people who rely on the current K-LOVE signal. As residents in a small community, we rely on being able to receive K-LOVE in our location. There are not suitable replacements or "substitutes" should an LPFM broadcaster chose to provide other programming instead.

We really need K-LOVE.

And we believe, no, we know, that K-LOVE is in the public's interest throughout the entire US. Sure, we hear the great comments on the air from so many grateful listeners across the country, but we also KNOW many grateful listeners across the country. These friends, students, associates and family members rely on K-LOVE on a daily basis. They are not occasional listeners that twirl the radio dial to be entertained, to give political input to, etc. They honestly rely on the quality programming and valuable information of K-LOVE throughout the entire day. Please give careful consideration to any proposals that could in any way adversely effect the positive, encouraging impact that K-LOVE brings to individuals, their families, and their communities across America. Thank you, we appreciate your attention to this vital matter.

Sincerely,

Jim and Marcy Kelly

To Whom It May Concern:

I am writing concerning the Low Power FM proposition

I listen to a national radio station named K-Love. (This is my favorite radio station. It helps keep my eyes on Jesus and helps lift and encourage my spiritual being.) K-Love may be national, but it feels local. We have been called by K-Love representatives offering us free tickets to a concert or prayer breakfast that is local. The radio station announces when there will be a K-Love representative at a certain local location to give away prizes. They announce local events concerning our community like church events, concerts, etc. They have been at the state fair... What I am saying is that they are local.

The national part means they are able to have contests to send people on vacations and have other prizes. They are able to provide great music and

RECEIVED & INSPECTED
OCT 2 4 50
MODERHAM LOCK

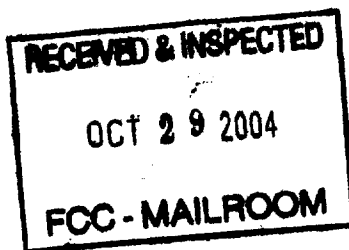

speakers, and Great reminders of how to live Godly. A smaller station may not be able to afford all this, and have all of the great music we love to hear and are impacted by.

I believe people want this station around or they would not pay to keep it on the air. I believe our lives could be negatively impacted if this station were not available. Our lives are being positively affected now. This station is very important to many or the financial funding would not be there.

Please allow this National station to continue because it is making a great local impact. (I see their bumper stickers all the time also.)

Sincerely,

James Cook

DOCKET FILE COPY ORIGINAL 18 2004

FCC,

MB Docket No. 04-233

I only listen to Klove on the radio. I know of many other people that listen to it and Klove means a lot to them too. We need to keep Klove on all the local stations because I know there are many more like us that listen to Klove, who would not want it forced off the air.

Please do not change the LPM, because some of us may not get to hear Klove.

Thank you

10-22-04

DEAR FCC,

DOCKET FILE COPY ORIGINAL

IT HAS BEEN BROUGHT TO MY ATTENTION THAT YOU PROPOSE TO EXPAND LPFM BROADCAST SERVICES THAT WOULD ALLOW THESE STATIONS TO TAKE PRIORITY OF CURRENT FM TRANSLATER SERVICES. THIS WOULD THREATEN TO POSSIBLY FORCE OFF MY LOCAL K-LOVE SIGNAL TO MY AREA (CURRENTLY HEARD ON 88.9 FM).

PLEASE CONSIDER THE FOLLOWING:

K-LOVE IS A CHRISTIAN RADIO STATION WHICH BROADCASTS CLEAN, UP-LIFTING, POSITIVE MUSIC AND COMMENTARIES. I DON'T HAVE TO WORRY ABOUT FOUL LANGUAGE COMING OVER THE AIR WAVES, WHICH YOU HAVE RECENTLY HAD PROBLEMS WITH ON OTHER STATIONS ACROSS THE NATION.

HAVING AN ALTERNATIVE RADIO STATION IN OUR AREA HAS BROUGHT MEMBERS OF MY FAMILY CLOSER TO GOD, AND HELPS MY CHURCH FAMILY GET THRU THE WEEK WHILE DEALING WITH LIFE'S DAILY TROUBLES. WITH ALL THE TRASH ON THE AIRWAVES TODAY, I WOULD HOPE YOU WILL CONSIDER CAREFULLY ANY ACTIONS THAT WOULD DIM A BRIGHT LIGHT IN A DARKENING WORLD.

Re: MB Docket No. 04-233

I am a 47 year old man who has been married 25 years and who has a 22 year old son and a 19 year old daughter. We have been prayerfully trying to incorporate moral, family value entertainment into our home ever since our children were young. Over the years we have found that one vital source of information & encouragement for us, as well as for literally thousands of other families has been radio station K-Love 88.9 89.9 & 88.5 in the Oklahoma City area. We are concerned about the new broadcast service known as LPFM & how it may affect this wonderful station. While most radio stations offer little spiritual and moral encouragement, K-Love has, time & time again allowed men, women, boys & girls to be ministered to in difficult, sometimes devastating situations. You obviously know the power of the communications industry & the affect, both positive & negative it can have. Satellite radio is betting its future on the perversion of Howard Stern — we'd like to maintain an alternative to immorality and a strong encouragement to those who need a daily breath of fresh air!

Whenever I think of the movie Titanic I can't help but think of the scene where Molly Brown tries to convince the crew of the lifeboat to go back and try to rescue some of those who are dying in the frigid waters. But she is told that the risk is too great & besides they can't save them all! True, but what of those they could have saved?

I honestly believe that station K-Love has been and is in the life-saving business here in Oklahoma — it would be a shame not to continue to allow it to reach those that need it's message.

Thank You — Clint Shafer

From: Cindy Townsend

RE: MB Docket No. 04-233

I'm writing to voice my support for a radio station, KLOVE which may be displaced by an LPFM broadcaster providing other type programming. There are lots of radio stations I can pick up locally. I much prefer the type of programming of KLOVE. I can hear national pertinent news/weather every hour without annoying - blairing commercials. I deeply appreciate their positive and personally encouraging music/programs. Other stations may ~~have more~~ have nice music + news but they lack family friendly, spiritually encouraging music/programs. I think it is in the public interest to support stations like KLOVE who

②

RECEIVED

1990

provide encouragement to be a
better person + strive for a
greater purpose. Local stations
are more likely to promote
selfishness and materialism, which
is not in the public's best interest.

MS DOCKET NO. 04-233

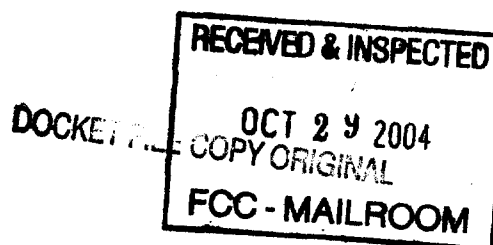

Air 1 has been my number one radio station ever since I've become serious with God. I love the positive message in the songs and the meaning behind what all of the artists are singing about. When I get in my car and go to turn on the radio I feel so ~~amazed~~^{blessed} knowing that I am able to hear ~~the~~ people whom I can relate to. The familiar friendly voices of people like Mike Scaeffler and Michelle Morgan, people's testimonies of how God has helped them through the dark times in their lives, and wise words from pastors and evangelists. Air 1 has been a blessing and encouragement in my life, and I am so grateful to this radio station!

I believe Air 1 has been an excellent alternative for the people of this community, especially the young people! If Air 1 were to be replaced, what would we be listening to? I know what we'd be listening to: garbage, things that bring people down, words that corrupt, pervert, and lie. I believe that what people listen to and see can effect a great deal of their actions and behavior. And from what I've heard of the secular radio stations I don't think they encourage appropriate behavior. So without Air 1 what other alternative would people have?

Pretty much everyone I know at my church listens to Air 1, and when I'm driving around places I'll see a number of different people with the Air 1 logo on their cars. So I know that people feel the same way I do about the station. And with the kind of impact Air 1 has on people, I believe more will come to know about it, and I pray that they do!

Re: MB Docket No. 04-233

To whom it may concern;

I think that it would be a grave error to cause the K-Love station to be displaced by your LPFM Broadcasting. K-Love is listened to by many people of various different backgrounds and religious preferences. Even non-Christians like to listen to the K-Love station, it is upbeat, positive and very encouraging. There are many in my community that listen to K-Love when they need encouragement or to have their spirits lifted.

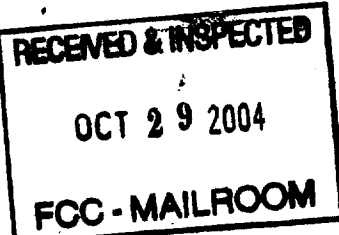

Personally, I would not know what to do without my K-Love radio station. I moved here to Missouri with a medical problem that I did not have a diagnosis for, alone to fret over what was wrong with me. Well, I have found out that I have MS and K-Love has been a lot of help to me mentally and spiritually. I do not have a church that I could go to closer to me than a two hour drive and that is one way. I don't have the transportation to get to the church so, K-Love is my church and encouragement. Please do not cause me to lose my K-Love. I have listened to other Christian Radio stations, but they do not have the encouragement, positive outlook and music, the zest for God and his message like K-Love does. I will have the radio on K-Love all day long, not having it off much except to read my Bible. I work around the house with it (K-Love) playing in the background, the songs are uplifting and make the housework less of a chore. I can be really upset and one of the K-Love personalities will come on the air and say something that will bring a smile to my face again.

Please do not make me lose my K-Love Radio station with your LPFM Broadcastings. I am pleading with you.

Sincerely yours,

Dawn Morgan

MB Docket No. 04-233

Dear Sirs,

I wanted to take this opportunity to express how much it means to receive K-LOVE radio station in my area. It keeps me informed of many Christian events going on in my community as well as nationwide.

Many people in my area listen to K-LOVE. It is so popular in my community because it offers clean, positive and uplifting music. Many area businesses play K-LOVE on their radios. Professionals and doctors also use K-LOVE for their background music.

K-LOVE broadcasts around the country. Many listeners, who depend on the unity of other Christians, would be left with a great void. Please do not replace K-LOVE with a LPFM. ~~Thank you~~ Sincerely, Taylor Johnson

Oct 20, 2004

Dear Sirs:

DOCKET FILE COPY ORIGINAL

I understand that there is an effort to change the broadcast service so that I may not be able to listen to the K-love station that now hear on F.M. I guess it is something about replacing FM with LPFM.

I would be most unhappy to loose K-love. It is uplifting and encouraging music - Not the "Low" stuff one hears on most other stations. The children can listen all day without

hearing "adult"
entertainment! It
would be a real
loss if K-love
were forced off!

I think it is in
the best interest of
most families to keep
it on!

Thank you.

For the F.C.C.

Dear Sirs:

MB Docket

No. 04-233

I am writing to express my concern about the LPFM stations and ~~proposed~~ ^{DOCKET FILE COPY ORIGINAL} expansion. It would be a major loss to me personally if the K-LOVE station in my area were forced off the air by one of these LPFM translators. I listen to K-LOVE on 88.3 FM. After my husband died and I moved to Northern California I was uplifted daily by listening to K-LOVE. For 8 years now I've been helped by K-LOVE's encouraging words & positive music. If K-LOVE were displaced by an LPFM broadcaster providing other programming I think it would affect my local community in a negative way. K-LOVE has such a positive & friendly impact that anything less would be a negative influence in comparison.

It is my belief that the service K-LOVE provides is in the public's best interest. The wholesome values expressed in words & music are safe & helpful to all ages - children as well as adults. Our communities, job environments, & school & home environments are benefited because of K-LOVE's input. As individuals are encouraged we're better able to then give back to our communities in a positive way.

I have many friends who also listen to K-LOVE and are encouraged daily. Many of us support K-LOVE financially each month. In fact K-LOVE operates totally on listener support in each area it broadcasts. Because of this there are no commercials or outside influence. Therefore each minute of broadcast time benefits each listener in every area.

Thank you for considering my comments.

Re: MB Docket No. 04-233

I am writing to ask that the proposed expansion of LPFM stations not be allowed to force K-LOVE, which broadcasts to our area over an FM translator (88.3 and 91.1), off the air. I listen to K-LOVE almost exclusively. It is a very positive influence in our area. I recommend it to a lot of people who are going through hard times. They find a positive message and encouraging discussions on this network. Also, the station refers people to agencies and resources where they can receive help for a wide variety of life challenges. It is a haven for families who want their children to listen to music that encourages family values and positive thinking about people of all races and backgrounds. Parents never feel like they need to be afraid of what their child might hear when they are not able to monitor their listening. There is no other station like this in our area, or most other areas, I believe. There would be a negative effect on our community without the influence of the positive programming we receive on K-LOVE. Please do not allow K-LOVE to disappear from the sound waves in our area, or across the nation.

Sincerely,

Kristina Williams

Regarding: MB Docket No. 04-233

DOCKET FILE COPY ORIGINAL

Please allow nothing of inferior quality to interfere with the excellence of programming provided by K-Love. K Love has had a positive impact on my life in more ways than I can list and you will be doing America a grave disservice if this station is displaced by God Only Knows what.

The FCC has come under much scrutiny of late, what with everything from that vile HOWARD STERN to Miss JACKSON and her infamous wardrobe malfunction. You need to clean up broadcasting. If you allow K Love to be displaced you will be sending a message to the public that you don't ... You just don't get it ... and you should be displaced. I wonder, do Federal employees take an oath? They should. Speaking for the GOOD of America
